A LETTER FROM THE PRINCIPAL

In January, we had a wonderful celebration of Catholic Schools Week that included one of our newest activities, Middle School Day. We start the day with an Effingham Deanery-wide mass celebrated by Bishop Paprocki and many area priests.

Middle School Day starts immediately after mass and is a fun-filled day for middle school students to visit St. Anthony High School. Not only do kids get to participate in fun games and activities, they also get an inside look at the High School's classrooms and interact with students from other schools.

Advancing from grade school to high school can be a big transition for students. We would like to make this process as comfortable as possible for those grade school students, which is one reason we feel this day is important. Walking around the school for the different activities gives the younger students a chance to come and have fun at the high school, without some of those pressures that they perceive on the first day of school.

We invite roughly 350 students grades five through eight from St. Anthony Grade School and Sacred Heart Grade School in Effingham, St. Michael School in Sigel, St. Mary's School in Paris, St. Mary's School in Mattoon, St. Thomas School in Newton. We want all students and parents to consider continuing their faith-based education at St. Anthony High School for their next step in education.

On behalf of our teaching and administrative team at the high school, thank you, alumni, for your ongoing support.

Sincerely in Christ,

Greg Fearday

Principal

STUDENT ACADEMICS

Celebrating Catholic Schools Week

St. Anthony High School staff and students celebrated Catholic Schools Week January 26-30. This year's theme was Catholic Schools: Communities of Faith, Knowledge and Service.

Students were allowed to wear jeans for the week for a \$5.00 donation to the Chloe Bockhorn family. Chloe, the sister of SAHS student Garrett Hixenbaugh, was in an auto accident before Christmas. Her health is steadily improving.

On Wednesday, St. Anthony, Sacred Heart, Sigel St. Michael, Newton St. Thomas and Paris St. Mary Grade Schools joined St. Anthony High School for the All-Schools Mass. In the afternoon, students enjoyed volleyball tournaments, gym activities, and games like "Minute to Win It", "Family

Feud", "Catch Phrase", and "Catholic Trivia Bowl".

On Friday, there was Adoration all day in the Holy Angels Chapel. The week concluded with a staff vs. student volleyball match to end the weeklong tournament.

Congratulations to the St. Anthony WYSE Team.....

St. Anthony High School earned 2nd Place at the Regional WYSE competition at Lake Land College on February 6, 2015.

The Academic Challenge is a competitive series of tests created and administered by Worldwide Youth in Science and Engineering and offered to high school students in Illinois and Missouri. The tests are now offered by more than 50 community colleges and universities and are designed to present a challenge to the brightest students.

Test material is drawn from senior high school and freshman level college curricula. Written by teams of college and university faculty, subjects include biology, chemistry, computer science, engineering graphics, English, mathematics, and physics. Each test production team produces three tests of increasing levels of difficulty, regional, sectional and state finals.

Students compete as individuals and as part of a team (when their school fields a team); they have 40 minutes to complete multiple-choice tests that range in length from 30 questions (computer science) to 100 questions (English).
